DONOVAN'S BILL—Governor Pat Brown held a "Bill signing ceremony" recently in Sacramento on Assemblyman Dick Donovan's driver training Bill (AB 1058). Shown at signing time are Assemblyman Donovan, Keith Ball, director, Department of Motor Vehicles, and Governor Brown.

The Bill provides that no license shall be issued to any person between the ages of 16 and 18 until he has completed both drivers' training and drivers' education or a satisfactory substitute if the training is not available to him.

Later, the Governor signed 11 more Donovan Bills ranging from land gifts to school districts to changes in the Alcoholic Beverage Act.

Local Bus Line Offers Better Local Service

SAN DIEGO (CNA) — The Public Utilities Commission has taken under advisement a request by the Economy Bus Line that restrictions on the line be lifted.

If the restrictions were lifted, the line, which serves San Diego, College Grove, Lemon Grove, Spring Valley, Casa de Oro, Homeland, El Cajon, Bostonio, Winter Gardens, and Lakeside, could pick up and discharge passengers in areas where this now is prohibited.

Economy Line may not now pick up or discharge passengers west of Euclid; may not carry west of College Grove Shopping Center passengers who board north of Chase Ave., and Chase Ave., any passenger who boards west of College Grove.

Transit System Opposed

The application for the lifting of restrictions was opposed by the San Diego Transit System. It was supported by Barry P. Knudson, vice president and general manager of Walker Scott Stores. Freddie L. Allen, Economy Line president, submittel seven petitions in favor of the lifting of restrictions. The petitions were signed by persons in the Lakeside, Winter Gardens, El Cajon, Homeland, and Imig Park areas.

Knudson said he had read the San Diego Transit System's public announcement that it will reduce service nearly 50 per cent between the College Grove area and downtown San Diego.

PUC's decision should be made in four to five weeks.

THE MAN OF THE CENTURYS—Greg Urata (l), band leader of the Centurys, switches with Tom Lean Jr., La Mesa Recreation Department director, in preparation for the weekly Friday night teen dance at Mt. Miguel High School. The dances, from 8 to 11:30 p.m., are open to all Grossmont area students with ASB cards for a $1 per person donation.

NEW LOOK AT AN OLD PROBLEM

Open Meeting Called On Teen Dance Plan

An open meeting, sponsored by the Lemon Grove VFW, is being held Friday at the Boardwalk dance hall, 7825 Broadway, Lemon Grove, to discuss the problems involved in holding public teen-age dances. The meeting will start at 7 p.m.

Dutch Krummel, commander of L. G. VFW Post, said that Forrest Baxter, local businessman and former president of the L. G. Chamber of Commerce, had accepted the invitation to serve as moderator.

A teen-age dance ban is in effect at the Boardwalk. The dance hall proprietors, Lee Keller and John Syson, were turned down earlier this year by the sheriff's department when they applied for a teen-age dance permit. The Board of Supervisors later backed up the sheriff's ban. The Boardwalk is licensed for adult dances.

VFW Would Sponsor

Under discussion Friday will be the feasibility of asking county officials to permit teen-age dances at the Boardwalk. The dances would be sponsored by the L. G. VFW. The Boardwalk operators would be in charge of the dances as a private enterprise.

At an exploratory meeting July 16, the VFW agreed to form a committee to provide a program which includes control of youngsters outside the dance. The program is to be presented Friday.

If the group agrees that teen-age dances at the Boardwalk are practical, the request for licensing will have to be initiated through the sheriff's department. The sheriff's department has been refusing such applications. A teen-age public dance at a building at Broadway and Olive resulted in a near riot early this year.

A citizens' group called on police to halt such dances following the incident.

The Boardwalk's application was later turned down.

Non-Caucasian Sale Condition Dropped By Owner

The owner of property at 2838 Cypress Ave., Lemon Grove, has rescinded his instructions to the realtor on the sale of his house requesting: "Do not show to Caucasians".

The owner, Arlo Thomas, a school teacher, instructed realtor King Milligan Wednesday to remove the restriction.

Milligan said that the restriction is no different than those which request property to be shown only to Caucasians. He said that several non-Caucasians already reside in the Cypress Avenue neighborhood.

"Some realtor broke the code when he revealed the restriction to neighbors in the Thomas' area. The neighbors panicked and contacted newspeople, otherwise there would have been no excitement about it." Milligan said. Milligan's real estate office is at 7053 University Ave.

Thomas is filling a summer school teaching assignment at San Miguel School in Lemon Grove.

Thomas said Wednesday, "There was no pressure on us to rescind the instructions. I called it off after I felt that I had made my point with the realty board which carries numerous listings with instructions to show it to Caucasians only.

"I feel that it's not right to have restrictions of any kind. When we sell our house we want to buy a larger one in this neighborhood. I'm fond of Lemon Grove and I'm fond of my neighbors but they are not talking to us at present," he said.

Thomas said that he had sent letters to each of his neighbors asking them to come to his home to discuss the matter. None had responded by Wednesday afternoon, he said.

"I appreciate your newspaper contacting me. It is probably the only way I can communicate with my neighbors at present," he said.

"I am not a rabble-rouser or a rebel," he said. "My concern is only with the realty board permitting discriminatory listings. If I have succeeded in dramatizing a matter that needed airing, I'm glad,' he said.

Thomas said there were other non-Caucasians in the neighborhood and they were good citizens and good neighbors.

"I want no part in blockbusting."

"The color of the neighbors would not influence us in the purchase of a home," he said.

Thomas lives with his wife and three year old son at the Cypress Avenue address.

La Presa Group Approves Water Availability Charge

Aug. 10 has been set for the next meeting of the La Presa Town Council, Tommy Martinez, president, said.

The meeting will be held at 540 Grand Ave., La Presa, at 8 p.m.

Committees will report on developing plans for improving the area's recreational, safety and school programs, Martinez said.

At a special meeting last week Town Council officers "endorsed the fairness of the water availability charge set by the La Presa County Water District." The group said it was in accord that all lot owners should carry the financial load and that the reduction in next year's water tax bills will show the equity of the charges.

A call for members to pay 1965-66 dues was made by the group's treasurer.

Churches, PTA groups, service clubs, women's clubs, and other organizations interested in developing the community are urged to send representatives to Town Council meetings, Martinez said.

Assembly Church To Use Theatre

The Assembly of God Church will occupy its new home in the Grove Theatre building starting Sundy, it was announced by Lloyd Godwin, pastor.

The church has been located in Fellowship Hall of the former address of the First Congregational Church, 3150 Main St. Recently, church officials leased the theatre at 3461 Imperial Ave. and regular church services will be conducted from there.

Sunday school will be conducted Sundays at 9:45 a.m. Worship Service is at 11. Midweek service is Thursday at 7:30 p.m.

Pastor Godwin's sermon topic Sunday is "God's Answer to the Present World Crisis."

Nagy Says He'll Battle Assessments In Court

The Incentive Taxation Committee of California has announced plans to carry its equalization battle to the Grand Jury and to the Courts.

In a letter to the foreman of the Grand Jury, John Nagy, property tax consultant of the committee, charged that the assessor was underassessing vacant land and slum property and overassessing homes, business inventories, equipment and machinery.

Nagy charged, "The policy of not allowing the market value of equipment and machinery to depreciate below 60 percent of the original cost clearly violates the law requiring that assessments be made according to value. It is ridiculous to think that the obsolescent value of equipment and machinery is 60 percent of the original cost when such property depreciates up to 50 percent the first year of its use."

Five areas were specifically mentioned for consideration of the Grand Jury. They are:

The underassessment of vacant land and property with minimum improvements.

The methods used to determine the market value of inventories which assesses it as 34 percent of cost.

Subpoena the property statements of all firms represented by property tax consultants to determine whether they are assessed by the same method as those who have not been represented.

Demand an explanation of the equity in not allowing business machinery and equipment to depreciate below 60 percent of the original cost, which results in assessment ratios as high as 200 percent of the market value.

Investigate the possibility of low assessments on vacant land having some connection with investments in vacant land by members of the assessor's staff.

Nagy indicated that the organization he represents will carry the fight for equalization to the courts. He charged that the hearing before the Board of Supervisors sitting as the Board of Equalization was more like a "Kangaroo Court" than a hearing before a judicial body.

Prison Sentence Given to L.G. Forgery Parolee

SAN DIEGO (CNA)—A Lemon Grove man paroled last October on a prison sentence for forgery has been sentenced to prison on four counts of passing bad checks in El Cajon.

He is Robert L. Tipton, 42, of 8410 Golden Ave., Lemon Grove. Tipton pleadel guilty to writing checks in March and April. He appeared Friday before Superior Court Judge Eli H. Levenson.

Judge Levenson said he would allow Tipton to serve the bad check sentence concurrently with the unexpired forgery term, but would recommend against an early parole.

Tipton was accused of passing the bad checks, drawn on the Lemon Grove branch of the First National Bank, at the Lazy J. Steakhouse, $30; Dick's Mobile Gas, $102.86 and Dave's Shoe Repair, $70.

They charged that the three Chevy II wheels in his car were taken from a car he had rolled several blocks down a hill on Alton Street in Lemon Grove. The car is registered to Guarantee Chevrolet Co., the officers noted.

Would-Be Gate Crashers Held on Disturbing Peace

Four young men were taken to county jail last week by Sheriff's deputies from the Ace Drive-In Theatre in Lemon Grove on a charge of disturbing the peace. A citizen's arrest was made by the theater manager, Grover Godfrey, who told deputies that five youths in a car had sped through the box office gate without paying admission.

Arrested were Bill Ray Kelley, 19, of 8587 Alpine Ave., La Mesa; Daryl Keith Sluder, 19, of 5690 Wendi St., La Mesa; Robert Javier Castillo, 22, of 864 Quail St., San Diego; and Kenneth James Gray, 20, of 4202 Beacon Rd., La Mesa.

Godfrey told officers that the fifth man in the car had escaped on foot before they arrived.

Fencing Stolen

Dr. Frank Gigliotti, member of the Governor's Commission on Juvenile and Youth Problems, reported to officers last week that early in July several men had stolen three rolls of fencing, pipe and lumber from a vacant lot west of his resilence at 3785 Gigliotti Dr.

Bus Line Sale Brings Questions

Was the cancellation last week of 598 bus trips by the San Diego Transit System part of a jig-saw plan to force service-weary transit district residents to vote for anything to relieve themselves of the unhappy bus situation?

There are several important elements in transferring a utility from corporate ownership to the tax rolls of a taxing district, and getting the public to accept it is probably one of the toughest.

We are not so innocent as to believe that there was not a lot of back-of-the-scenes maneuvering by officers of the bus firm to arouse the enterest of city fathers when the issue of public ownership of the transit system was first handed out to the public.

There was a small group with an equally small voice which suggested that San Diego's growth was somehow tied to public ownership of bus transportation. The idea at that time didn't overwhelm city officials nor the public.

Later, by many months, came rumblings of the transit system's dissatisfaction with the city tax it was paying. From this rumble grew a roar that erupted in Sacramento when the Schrade-Mills Transit Taxing District Bill was passed. The Bill was signed by Governor Brown quicker than you could get a transfer.

Nobody knows better than transit system officials that the way to make a goodly profit out of a profitless operation is to get the public to buy the outfit. But the public, often stubborn as an ornery mule, frequently has to be hit over the head with a club before its attention is attracted.

The attention-getting clubbing is being done in a couple of ways. The transit system dropped nearly 600 trips last week—that attracted a lot of attention. The system also asked the Public Utilities Commission to permit an increase in students fares from 15c to 25c, and, if allowed, should anger another large group. With enough voters angry enough to "kick them bums out" it is more nearly a certainty that the transit district election will pass. It is probable that the district can operate an efficient system giving necessary service. It is also possible that the district can be self-supporting.

We don't know much about running bus lines but officials of the Homelands Bus System, which connects the east county with San Diego, have been urging PUC to allow them to give more service. Freddie Allen, the Homelands owner, has made his line profitable and expanded it as rapidly as PUC allowed. Many of his requests for added routes were stalled by SD Rapid Transit objections. Allen's operation suggests that service and profits can go hand in hand—if owners so desire.

Just a little bit reluctant in the band-wagon-jumping of public ownership is San Diego Mayor Frank Curran. He should be the first to plug for public ownership if he thought that to be the only answer.

All of this is recited here because the unincorporated areas of Spring Valley and Lemon Grove will become part of the tax-

Charger Exhibition Friday at Helix

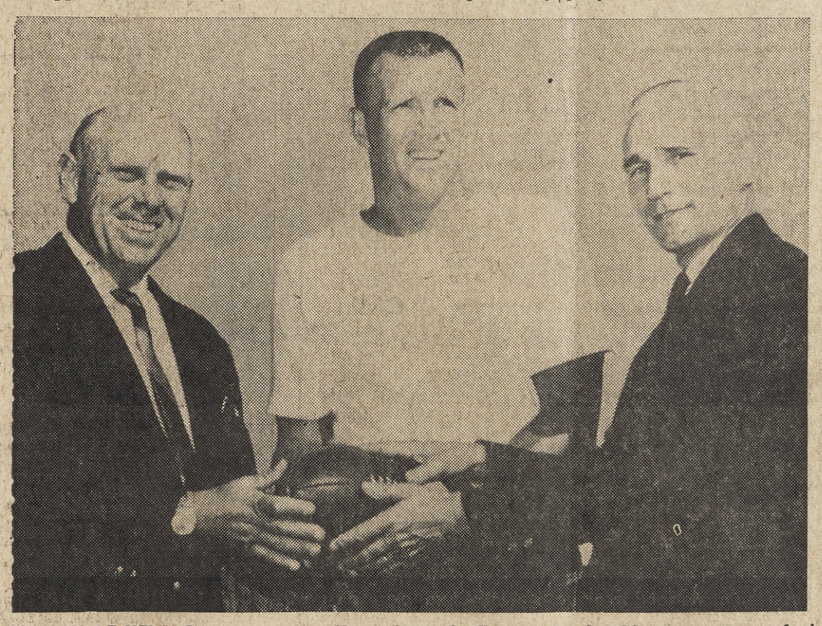
Harry Wiley, chairman of the La Mesa Sports Boosters, a committee of the La Mesa Chamber of Commerce, has announced that the second annual Charger intra-squad, pre-season exhibition will be held this week on Friday, beginning at 8 p.m. in La Mesa's Helix High School Stadium.

The event, which is a benefit to finance the Charger training camp facility at Sunset Park in La Mesa, will be the first public appearance this season of the entire Charger squad.

The Handyman stores located in La Mesa, Point Loma, and Chula Vista have agreed to buy the entire gate for the exhibition and distribute the tickets through their three outlets. Additional children's tickets will be distributed by Handyman, free, through boys clubs and other young peoples organizations throughout the county.

Preceding the exhibition, from 7 to 7:45 p.m., children will be invited to personally meet all the Charger players on the playing field and obtain their autographs on specially printed programs, which will be distributed free at the exhibition.

As an added highlight of the event, there will be free contests for complete expense-paid trips with the San Diego Chargers to games in Portland, Denver and Kansas City. For the children there will be free contests for two bicycles and a pony.



TO PLAY AT HELIX STADIUM—Dave Kocurek, end, allows a couple of boosters to get a feel of the pigskin prior to the second annual Charger intra-squad, pre-season exhibition which will be played Friday evening at the Helix High School Stadium. At left is Herbert A. Haimsohn, president of Handyman Corporation; at right, Harry Wiley, chairman of the La Mesa Sports Boosters, a committee of the La Mesa Chamber of Commerce. The entire San Diego Charger squad will take part.

'LITTLE ME,' Starlight's second musical comedy of its summer season, stars Beverly Burnham as Belle. Its two-week run starts Aug. 5.

London critics are almost unanimous in calling the comedy the most rewarding musical since "My Fair Lady." William Adams, Starlight's artistic director, calls it the funniest musical ever written.

It can be described as a zany burlesque of the familiar "as told to" biography of a movie queen, but it is also a bright and hilarious spook on the traditional American concept of the noble hero.

Performances will be given in the Balboa Park Bowl Thursday through Sunday, Aug. 5-15. Curtain is at 8:30 p.m. Box office number is 233-6252.

La Presa Zoning Hearing Draws 50

SAN DIEGO (CNA)—A proposed zoning plan for the North La Presa Zoning district has been taken under advisement by the County Planning Commission.

The Commission closed the public hearing, attended by more than 50 persons Friday, and indicated it will consider the requests made by a parade of protestants.

The district is bordered by Jamacha Road, Grand Avenue and Sweetwater Lane. It covers a half square mile.

As proposed, the north half of the district would be zoned R-1 for single family dwellings. The south edge, along Jamacha Road would be commercial and manufacturing zones. Buffer zones in between include R-2, R-3 and R-4 areas.

Witnesses appearing at the hearing presented views ranging from satisfaction with the proposal to complete dissatisfaction and not wanting any zoning at all.

The Commissioners instructed the Planning Department staff to summarize the people's requests and present it to the commission for consideration before the commission's recommendation is sent to the County Board of Supervisors.

This is a Christian station owned and operated by The Oriental Missionary Society, a world-wide faith mission with headsuarters in Los Angeles.

Tree Choices Varied in S.D.

If you are planning to beautify your yard with a shade tree you may be wondering which one to plant. There are many things to consider for your individual needs. Let us describe the growing habits of a few of the most popular trees planted in the San Diego area.

The evergreen yellow-blooming Acacia tree grows fast to about 25' by 25' and will stand cold down to 15 degrees. The evergreen Brazilian Pepper also grows fast to 22' by 22' but freezes below 22 degrees. The round-headed evergreen Camphor tree, 25' by 25', is slower in growth but takes the cold down to 10 degrees and is one of our "cleaner" trees. The fastest growing evergreen tree in San Diego is the Silk Oak or Grevillea Robusta. It reaches 35' and spreads only 20'. It's flowers are orange.

If you need a compact slow growing evergreen tree, one that you can trim into a beautiful specimen or let grow through the years to 25' by 25' you will enjoy planting a Ficus Netida or small leaf rubber tree. The Jacaranda tree, sometimes deciduous (drop leaves) has lovely purple flowers and fern-like foliage. It is a medium size tree and will freeze at 22 degrees.

Whatever tree you decide upon you should have satisfaction in its rate of growth and beauty if you water it about twice a month, the amount of water to be gauged by the size and age of the tree. Be sure to give it enough water to reach the bottom of the tree's roots. Regular fertilizing and the deep watering will insure a minimum of dry leaf droppings.

We often speak of the center of the strong home as the "Family Altar." This is not an altar which is built out of wood or other material. It is simply a brief family worship. It could consist of a Bible reading and prayer in which the whole family participates. This is a beautiful manner in which to begin or end the day.

'Y' Day Camp Extended For One Additional Week

Regular activities such as archery, riflery, crafts, hiking, camp-site development, and swimming instruction are scheduled. The week also will include two special adventure trips. Friday will be capped off by an overnight camp-out in the canyon.

Oatsvall said the popularity of the program was a reason for the extension. The extra week will enable many children to attend who have been in summer school.

RAMBLIN'

WITH ED LOOP

The end of this week we take our annual inventory; we don't like to count merchandise but

it has to be done. Only two good things can come from it. One, we find a lot of items we didn't know were pushed in behind all those other things; two, we will probably have several BARGAIN tables next week. We urge you, and we do mean URGE, to come in before Saturday and buy lots of stuff so we won't have to count it on Saturday. Remember the store and the address; Grove Office Supply and Equipment Co., located at 7890 Broadway in Lemon Grove. One of these days we are going to set up some multi-record systems to show people how to do their bookkeeping a simpler and easier way; accounts payable and receivable and payroll. Crime Is Six Times Faster

In a report released this week, Attorney General Nicholas B. Katzenbach revealed that serious crimes in the United States had increased a whopping 13 percent over the year before.

Crime, he revealed, had increased six times as fast as the population.

Crime involving youth between the ages of 10 and 17 years of age provides another shocker.Of the crimes solved, persons under 18 years of age perpetrated 37 per cent of them. This group comprises 15 percent of our national population yet in 1964 they committed 43 percent of the property crimes based on police solutions.

J. Edgar Hoover, who supplied the figures used in backing Mr. Katzenbach's report, pointed to the high rate of recidivism (repeat offenses) that had been uncovered by the FBI's Uniform Crime Reports. UCR showed that 47 percent of the youthful offenders had been arrested more than once before they reached 20 years of age.

The Report showed also that they averaged 16½ years of age at the time of their first arrest; their criminal career (span between first and latest charge) averaged 1½ years; and that they managed to accumulate three different charges during this period.

Among the more serious crimes recidivism had its highest incidence. Of 265 murderers known to have been released on parole, 105 were first offenders when initially charged with murder. Following parole, these 265 offenders committed 737 additional offenses—25 percent of which were serious. Twelve of these paroles were again charged with having committed another murder.

As it is with any harried administrator, Hoover's figures spotlight the amount of labor performed with a minimum of workers. He reminds readers of the report that the ratio of police office employes to population remained the same last year as it did the year before—with 1.9 employes for each 1,000 population.

The police protection strength—1.7 for each 1,000 population—has remained unchanged since 1958 despite a 58 percent increase in the volume of crime and a 26 percent increase in motor vehicle registrations adding to the constantly rising number of demands for other police services.

Hoover has long been a champion of revitalizing morality among our youthful citizens and the report released through the Attorney General seems to accent the urgent need for a national moral rearmament program.

HOWARD WOLLITZ

Howard Wollitz Goes to Germany As AFS Student

Howard Wollitz, 17, son of Dr. and Mrs. Norman Wollitz, of 7661 Madison Ave., Lemon Grove, has been selected for the overseas program next year by the New York Chapter of the American Field Service.

Howard, a Mt. Miguel student, will go to Wattenscheid, Germany, as a senior, and will be graduated there next June.

Announcement of his selection was made by Mrs. Harriet Cosby, president of the Mt. Miguel Chapter of the American Field Service. Exchange students live with selected families and attend school with a newly adopted brother or sister. Howard will attend an all-boys school in Wattenscheid while living with a family named Linka.

"Father" Is Architect

Howard was nominated by the American Abroad Committee, under the chairmanship of Marvin Marquardt of Lemon Grove. His "father" in Germany is an architect. His "brother" is a science major and a music student. In Lemon Grove, Howard's father is principal of the Robert E. Lee Elementary School in San Diego. At Mt. Miguel he is an honor student, active in instrumental groups and plans a career in law.

The American Field Service has placed more than 20,000 foreign students abroad. It hopes to improve world understanding through friendship in first-hand experiences. Students are expected to learn from their experiences and also to interpret the United States to the school and community in which they live.

Council Petition Filed by Pernicano

Sam Pernicano, a Lemon Grove restaurateur, officially became a candidate for the San Diego City council in the 7th District Friday.

He was the second candidate to file his petition. The first candidate was Kenneth Olsen, a cafe operator of 73rd. and El Cajon Blvd., San Diego. Pernicano lives in Del Cerro.

Councilman or the 7th. District is Alan Hitch. He had not announced his candidacy at the time the two men filed.

Pernicano, past president of the Lemon Grove Chamber of Commerce, said "I want to better the economy of San Diego. I will do this by inviting more industrial development here. I will encourage it by actively attempting to bring about low level routes to equalize freight rates. I would approve tax and land concesssions for industry until San Diego, and the industry which supports it, is strong enough to compete with the rest of the nation.

"My honesty, sincerity and good judgment will help make this program successful," he said.

Deadline Nears For CUI Tax

Monday, Aug. 2, is the deadline for filing California Unemployment Insurance wage reports and paying state unemployment insurance taxes for the second quarter of 1965, Hagen Christensen, auditor in charge for the State Department of Employment in San Diego reminded employers.

Employers who fail to file wage reports and pay second quarter taxes on or before Aug. 2 will reduce their chances of receiving a lower rate next year. Christensen pointed out that it is not possible to use payments made after Aug. 2 in computing employer tax rates. In addition, penalty and interest will be charged if the report is filed after the deadline.

Mr. and Mrs. Shukraft said that more than 4,000 volunteers will make a house-to-house appeal to raise funds for Cystic Fibrosis.

More Welfare, MoreDelinquency Speaker Says

The cost of juvenile delinquency is an out-of-pocket cost, Dr. Frank Gigliotti told the Lemon Grove Men's Club Friday.

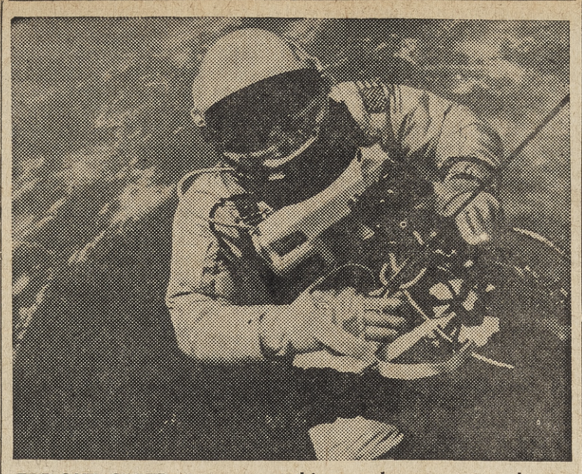
Dr. Gigliotti, a member of Governor Brown's commission on youth and children's problems, explained that the "burdensome taxes created by welfare programs" are directly related to juvenile delinquency.

"Many broken families are simply weekend families," he said. "The father stays away all week so that the family may enjoy the income provided to fatherless children by welfare. He sneaks back home for the weekend and soon there is another youngster on welfare.

"How can we expect these youngsters to develop into God-fearing, honest citizens?" he asked.

He called for more church association, more family guidance and better supervision of our welfare program as implements towards guiding youth away from delinquency.

The Men's Club meets each Friday at noon at Michael's for a no-host luncheon. Men of the community are welcome to attend.



FAR-OUT CAPER—Astronaut White, as he maneuvered outside Gemini IV in the historic two-man NASA orbit around the earth, is "starring" in a film now being shown daily from 10 a.m. to 5 p.m. at the California Museum of Science and Industry, Exposition Park, Los Angeles.

Lincoln actually did not want to go to Ford's theater the night he was shot. He went because he did not want to disappoint those who expected him to be there.

Sanitation Taxes Here to Stay Low

SAN DIEGO (CNA)—Lemon Grove and Spring Valley Sanitation District tax rates will remain among the lowest in the county for fiscal 1965-66. The board of Supervisors Monday, acting as the boards of directors for the districts, adopted the budgets proposed by Chief Administrative Officer T. M. Heggland.

The Lemon Grove district has no bonded debt and its sewage is accepted under contract by the San Diego metropolitan sewer system. Total operating cost will be $119,950. The tax rate will decrease from $.404 to $.380 per $100 of assessed valuation.

Spring Valley's rate will drop from $.262 to $.219. The operating charge will be $132,630 but most of the costs, a total of $664,657 will be used for department service.

Spring Valley, unlike Lemon Grove, charges a service fee. The fee tends to equalize total costs to home owners.

L.G. Republican Women Plan Panel Discussion

"Function of the Central Republican Committee" is the topic to be discussed by a panel at a meeting of the Lemon Grove Republican Women's Club, Federated, Aug. 10 at the VFW Building, 2885 Imperial Ave.

The club's president, Mrs. Joseph F. Wyer Jr., announced that speakers on the panel will be Capt. William C. Ball, Richard L. Smith and Bruce Johnson.

Foreign Service Officer Visiting Spring Valley

Alan A. Gise, a Foreign Service Officer with the U. S. Department of State, is visiting with his wife's parents, Mr. and Mrs. M. B. Brownfield, Lake Manor Mobile Lodge, 9902 Jamacha Blvd., Spring Valley.

He has just returned from duty at the Department's Consulate General at Barbados, West Indies, and will be assigned to the Embassy at Bonn, Germany, after his leave.

Gise said he would be willing to discuss the Foreign Service as a career with interested groups while he is in Spring Valley. His leave ends Aug. 10.

Since entering the Foreign Service in 1957, Gise has been stationed at the United States Mission at Berlin, as well as the assignment in Barbados.

He is a member of Rotary International.

Worth More than Gold

An historical collection worth literally more than its weight in gold will be on display Sept. 1-8 in the second annual Gem and Mineral Show of the California State Fair, set for a 12-day run beginning Sept. 1 on the Sacramento Fairgrounds.

Of the world's soil, 40.5 per cent is wasteland.

Humpty Dumpty Opens Pilot Unit on Skyline

Research and development, a phrase usually reserved for such things as missiles and aircraft, is the base on which a expanding restaurant chain in San Diego County is being built.

Humpty Dumpty Drive-Thru restaurant, at Jamacha and Skyline in Lomita Village, is a pilot operation for a planned city-wide chain of similar fast-service drive-thru restaurants.

Owners of the firm are convinced that the rapid rise in the public's acceptance is the organization's research and development program in food processing. Much effort has been devoted, for example, to obtaining perfection in hamburger sauce. The resultant product is one of the attractions that contribute to Humpty Dumpty's growing popularity, owners said.

The Lomita Village Humpty Dumpty is open seven days a week. This week the firm started a "War on Hunger" project featuring special prices on menu items.

L.G. Contractor Wins $2,385,000 High School Job

A Lemon Grove contractor became successful bidder for the second time on the Bonita Vista High School.

O. L. Carpenter, whose firm is at 8095 Imperial Ave., bid $2,384,900 on the Sweetwater Union High School District's sixth senior high school. It will be built on Otay Lakes Rd. between Bonita and the new Southwest Junior College.

Carpenter in June was low bidder at $2,407,000 but all bids were too high. This time there were alternates to be bid on. Trustees listed football field turfing and a track as variables to reduce the bid $13,300. Carpenter's second bid came in $22,000 lower than his first.

Joseph Rindone, Sweetwater District Superintendent, said the award couldn't be made until approval is given at the San Francisco office of the federal Housing and Home Finance Agency and state officials.

The award will probably be made at the next meeting of the trustees.

The only other bid was made by Riha Construction Co. with a bid of $2,659,800 before variables were removed. He was also higher in the previous bidding.

Low-fat milk has about 2 per cent butterfat.

Telegraph Service at Fair

Telephone and telegraph service will be available again this year on the grounds of the California State Fair, Sept. 1-12. A branch telegraph office will be maintained in the southwest corner of the Industrial Building throughout the 12-day run of the California State Fair, which opens Sept. 1.

TAX TALK

Your Income Tax Questions Answered By Wm. H. Peeples

This column is published by this newspaper as a public service. It is prepared by Los Angeles District of Internal Revenue Service on the basis of the questions the people of Southern California are asking IRS.

QUESTION:

Is it true you have to get permission from the Internal Revenue Service to leave the country?

ANSWER:

The law requires that aliens must show their tax affairs are in good order before they are granted a sailing permit. To establish this, copies of 1962, 1963 and 1964 tax returns as well as a statement of income and expenses for 1965 should be brought to your local Internal Revenue office. The alien should also bring his passport and re-entry permit. For a detailed discussion of these requirements you may obtain Internal Revenue Service Document No. 5589, "U. S. Tax Guide For Aliens," at your local Internal Revenue office.

These requirements do not apply to U. S. citizens, although U. S. citizens who are delinquent in payment of Federal taxes should arrange with the Internal Revenue Service for payment before going abroad.

QUESTION:

My husband has just retired and we are moving to a smaller house. Our excess furniture is being given to the Salvation Army. How can we be sure to get credit for this as a charitable contribution?

ANSWER:

A statement indicating the kind of property contributed, the method you used to determine the fair market value of the items at the time of contribution, the date donated, the name of the donor and of the recipient, will ordinarily be sufficient to establish your claim to this donation if you itemize your deductions.

QUESTION:

How long should I keep copies of my past tax returns?

ANSWER:

As long as their contents may become material in the administration of any internal revenue law. Most records in support of items appearing on an income tax return should be retained until after expiration of the statute of limitations for the tax year covered by such return. These records can also be useful to you in preparing future tax returns, claims for refund, or to your executor.

QUESTION:

How long does the government have to check your return?

ANSWER:

The basic statute of limitations is three years from the date the return was filed. In certain other cases, the period is longer. In all cases the period does not begin until after the return is filed.

When there is fraud or failure to file a return, there is no limitation.

EARL "SARGE" ROACH, NEW BUSINESSMAN

MEET YOUR BUSINESS NEIGHBOR

'Sarge' Is Now In Business After Globe-Hopping Days

By Larry Mays

Following a service career which stretched half w a y around the globe, Earl Roach, 41, has settled in Spring Valley to operate Sarge's Market, the meat department in Ralph's Market, 8903 Jamacha Rd.

San Diego became home for Roach in 1935 after a Nebraska childhood. He attended area schools until a 1942 Navy enlistment. The Guadalcanal and Bougainville assaults w e r e among his wartime activities.

Roach began an almost twenty year Air Force enlistment in October, 1945. His Staff Sergeant rank led to his market's name.

Ribbons for action in the American Theater and Asiatic Pacific join two Purple Hearts in Roach's combat collection. "Sarge" speaks Spanish and Portugeuse resulting from service duty in the Azores and Madrid.

Roach said, "I've been a meat cutter since 1945 and always had a desire to have my own shop. I enjoy meeting people and knowing my neighbors. I think this is one of the best ways to do it."

He and his three children, Vicki, 13, Steve, 11, and Gail, 9, reside with his sister, Mrs. Milton Barbee at 2330 Central Ave., Spring Valley.

Ralph's Market is operated by Mr. and Mrs. Gilbert H. Clardy.

S.D. Post Office Seeking Drivers

The San Diego Post Office has openings for motor vehicle operators, and the Board of U. S. Civil Service Examiners has announced that applications will be accepted until Aug. 10.

Temporary employes s t a r t at $2.48 an hour with increases to $3.38; and regular employes start at $5,000 a year with increases to $6,815. Employes earn ten percent extra for work done between 6 p.m. and 6 a.m.

All qualified applicants will receive consideration for employment without regard to race, creed, color, sex, or national origin.

Applications must be made on form 5000-AB, which can be obtained from any post office. Written tests will be held in San Diego, and applicants will be notified of time and place, and will be sent sample questions.

The announcement for the examination states that the register established as a result of this examination will supersede the register established under Announcement No. 12-105-39 (60). Persons who attained eligibility for Motor Vehicle Operator under that announcement should apply for this new examination if they are still interested in receiving consideration for this position.

Postmaster General Due in San Diego

Postmaster General John A. Gronouski will be guest at a luncheon in San Diego Aug. 20, it was announced by Roger Thies, president of the Democratic Professional Club, sponsor of the event.

The affair is to be held in the Palm Room of the U. S. Grant Hotel. A reception at 11:30 a.m. is planned.

18.5% for Food

Two L.G. Fires Cause 4,000 Loss

Two fires kept Lemon Grove firemen busy Thursday night.

While the department was responding to a call at the home of K. W. Spence, 42, a tool engineer of 7558 Mt. Vernon St., another alarm came from Marty's Muffler Shop, 8332 Broadway. Both fires were brought under control quickly but damage at each place was estimated at $2,000.

At the Mt. Vernon street address, Spence was burned about the hands when gasoline he was pouring into the tanks of his cabin cruiser ignited. Firemen reported that the fuel backtracked to a water heater located in a double garage where his boat was being kept.

The damage, estimated at $2,000, occurred to his boat, fishing tackle and tools. Spence was driven to the L. G. Medical Group for burn treatment and returned home.

While some of the equipment was on Mt. Vernon St., other units of the fire department responded to an alarm at Marty's Muffler Shop. The fire was restricted to the living quarters of the structure. Don Plain, a resident of the building, called in the alarm. It is estimated that the damage amounted to $2,000 to the building. No loss was suffered
